

Dear friends of analog black and white photography, dear customers

With regard to the new SPUR UFG process, we would like to inform you that there is now a test report on this in Schwarzweiss 158, Feb/March 2024, authored by Ralf Sanger. (German language)

We have decided to significantly reduce the prices of 4 UFG kits and sets and also offer the films outside the kits and sets. For the two-pack kits, developers are also sold for 5 films, so it is now possible to buy films separately.

Please understand that we do not sell the UFG-1 developer outside of the kits.

The new prices and the film prices are listed in the new price list from 01.03.24.

We hope you continue to enjoy our SPUR products and would like to inform you that we are already working on further innovations.....

Your Heribert Schain
